

Exercise class 12

Partial differential equations, complex differentiation

1. Kreyszig Section 12.6, Laplace's equation, Problem 18.
2. Kreyszig Section 13.3, Complex derivative, Problems 18, 21
3. Kreyszig Section 13.4, Cauchy-Riemann equations, Problems 5, 14
4. Heat equation in infinite 1D bar using heat kernel and convolution
